DrJ's Expertise: ANAB 17065 Accredited & Sealed

THE MARKET GENERICALLY SAYS "ICC-APPROVED" – ICC SAYS THEY DO NOT APPROVE – ICC-ES SAYS TRUST "ANAB-ACCREDITED"*

DrJ simplifies the "approval" process for innovators.
DrJ is the only ANAB Accredited Certification Body to PE sign and seal certifications.

VERIFICATION PROCESS: An approved agency is "approved" when it is ISO/IEC 17020, 17025, or 17065 accredited by a recognized accreditation body found in the directory of the International Accreditation Forum (IAF). ANAB accredited firms include CBI, DrJ, ICC-ES, IAPMO, Intertek, and UL. Each ANAB accredited body is "code approved" and qualified to practice within their "accredited scope of expertise."

APPROVAL FOR USE OF NEW MATERIALS: Regulations state in mandatory language that the regulatory official shall accept duly authenticated reports or research reports from approved agencies and/or approved sources, including licensed Registered Design Professionals (RDs), with respect to the quality and manner of use of new products, materials, designs, services, assemblies, or methods of construction. **The chart below focuses on DrJ's scope of expertise.**
